

November 23, 2008

My next steps this week

- I will attend Life Group
- I will figure out what the “bling” is in my life.
- I will consider why I use my “bling” as a measuring stick for my success.
- I will not forget to invest in someone this week!!

The biggest point I will take home today:

What did you learn today that you did not know before, or you received a better understanding of today?
